The lease administrator has had this legal description reviewed by the GIS Group.

PROPOSED ACTION:

Applicant proposes to mine common sand and gravel on the subject lands in support of road maintenance in the county.

RELEVANT FACTUAL BACKGROUND:

The subject lands have been impacted by historic sand and gravel operations. The subject lands were previously held under Materials Permit No. 306 and Materials Permit No. 312. Cultural surveys (U-05-MQ-0116s) and (U-04-UP-0654s) were conducted on the subject lands with no historic property (I.E. Cleared). The public notice process was completed. One written response was received from an adjacent landowner with no objection to the proposed action. Applicant has agreed to pay annual rental of \$10 per acre per year. A royalty rate of \$0.55 per cubic yard for material produced from this permit area was set. Applicant has agreed to mine and pay in advance for a minimum of 1,000 cubic yards of material for each year of the permit term. Applicant requested a permit term of five (5) years.

EVALUATION OF FACTS:

R850-23-200 states that the Trust Lands Administration may issue materials permits or convey profits a prendre or similar interests on trust lands where the Trust Lands Administration deems it consistent with land use plans and Trust responsibilities. Mining of sand and gravel is a historic use of the subject lands and an appropriate use of the lands pursuant to R850-23-200. The royalty rates set for commodities from this site are consistent with royalty rates for other materials permit sites on trust lands in southeastern Utah. These rates reflect fair market value for the materials and meet the requirements of R850-23-300. The term of the permit is five (5) years which is consistent with the requirements of R850-23-600.

This action qualifies for an exception to the Administrative Policy on Records of Decision. This action is not considered substantive and does not warrant the time and expense to complete a full narrative Record of Decision, nor is there any evidence that any interested party might be denied access to an appeal process. This summary shall constitute the Record of Decision.

Upon recommendation of Mr. Randy Harden, the Director approved the issuance of Materials Permit No. 448 for a term of five (5) years.

GRAZING PERMITS

GRAZING PERMIT NO. 23301-B09 (RENEWAL)

The following grazing permit has been renewed for a period of 15 years, beginning July 1, 2009, and expiring June 30, 2024.

<u>Permit #</u>	<u># Acres</u>	<u># AUMs</u>	<u>County</u>	<u>Fund</u>
GP 23301-09	158.89	8.00	Millard	School

Upon recommendation of Ms. Paula Lane, the Director approved the renewal of this permit.

GRAZING PERMIT GP 21211 (ASSIGNMENT)

Probst Enterprises, 1225 N. Springerview Dr., Midway, UT 84049, has requested Trust Lands Administration's permission to assign 100% interest in the above-referenced grazing permit to Robins Joseph McPherson and Kimberly Dawn McPherson Family Trust, c/o Robins Joseph McPherson and Kimberly Dawn McPherson, Trustees, P.O. Box 40176, Lyndyl, UT 84640. The assignment fee in the amount of \$95.00 has been submitted.

Upon recommendation of Mr. Ron Torgerson, the Director approved the assignment of GP 21211.

GRAZING PERMIT NO. 23272 (REINSTATEMENT)

Robert C. Lewis & Vivian C. Lewis, Trustees of the Robert C. Lewis and Vivian C. Lewis 1990 Trust, P.O. Box 520, Moapa, NV 89025, have requested reinstatement of GP 23272, which was canceled for non-payment on August 31, 2009. The permittee has submitted the grazing rental of \$845.34, the weed fee of \$21.90, the reinstatement fee of \$30.00, plus the \$52.03 late fee, totaling \$949.27. Millard County. School Fund.

Upon recommendation of Mr. Ron Torgerson, the Director approved the reinstatement of GP 23272.

GRAZING PERMIT NO. 23307 (RELINQUISHMENT)

Bruce Brown and Russell Gale, P.O. Box 431, Beaver, UT 84713, sent a letter on August 31, 2009, relinquishing Grazing Permit No. 23307 to accommodate a subsequent competitive sealed bid to acquire the grazing privileges allowed under GP 23307 for a five-year term.

The acreage permitted under GP 23307 was sold by the Trust Lands Administration in October, 2006, and was forfeited back to the Trust Lands Administration for non-payment in May, 2009. At the time when the property was sold in 2006, a grazing permit to Clark W. Smith & Sons was canceled due to the sale. When the property was forfeited back to the Trust Lands Administration, Bruce Brown and Russell Gale successfully applied for the grazing permit. However, because Clark Smith & Sons wanted the chance to obtain this grazing permit, Bruce Brown and Russell Gale have been willing to relinquish the grazing permit in order to facilitate a competitive bid.

Records should be noted that this permit has been relinquished. Beaver County. School Fund.

Upon recommendation of Mr. Ron Torgerson, the Director approved the relinquishment of GP 23307.

EASEMENTS

EASEMENT NO. 1391 (APPROVAL)

APPLICANT'S NAME AND ADDRESS:

Grand County
125 East Center Street
Moab, Utah 84532

LEGAL DESCRIPTION:

Township 21 South, Range 17 East, SLB&M
Section 16: SE¹/₄SE¹/₄ (within)

A 66.0 foot wide access easement, 33.0 feet on each side of the following described centerline in Section 16 of T21S, R17E, SLM, Emery County, Utah:

Beginning at a point on the south line of Section 16, said point bears S 89°56' W 49.95 feet from the SE corner of Section 16, T21S, R17E, SLM, and proceeding thence with said centerline of easement N 12°07'09" E 233.14 feet to the east line of said Section 16, the terminus of this centerline description. Containing 0.35 acres more or less.

The easement administrator has had this legal description reviewed by the GIS Group.

COUNTY: EMERY

ACRES: 0.35

FUND: School

EASEMENT NO. 1391 (APPROVAL) (CONTINUED)**PROPOSED ACTION:**

The applicant has requested a non-exclusive easement to construct, operate, repair, and maintain an access road. This access road will be constructed initially to provide access to the Gunnison Valley 22-9 Well located on private lands to the north of the trust lands property. The access road will initially be developed by Fidelity Exploration & Production to a standard which will allow them to access the well pad. It is anticipated that, in the future, the road will be upgraded to Grand County standards and will become the main access road to the Coal Canyon area. Once this road has been updated to County standards, the existing access road to Coal Canyon will be relinquished by the County. Although this portion of the new access road is located within Emery County, the majority of the remainder of the road is located in Grand County. Grand County and Emery County have agreed that Grand County will maintain the entire road corridor; therefore the easement will be issued to Grand County. The proposed easement corridor is 233.14 feet long and 66 feet wide, containing 0.35 acres. The requested term of the easement is perpetual.

RELEVANT FACTUAL BACKGROUND:

The subject "Application to Purchase an Easement" was received on May 20, 2008, from Green River Companies, LLC. It was submitted for the Agency review on June 10, 2008, and was accepted by the Director on June 24, 2008. The name on the application was subsequently changed to Grand County as documented in the Director's Minutes of August 31, 2009.

The proposed easement was sent to the Resource Development Coordinating Committee ("RDCC"), the Southeastern Utah Association of Governments, the Grand County Council, and the Emery County Commission for review on June 10, 2008. No comments were received from the "RDCC".

The following comment was received from the Southeastern Utah Association of Governments:

"The Association is in support of the project provided that access to a private landfill being designed by Transload is not impeded. This is a Class IV solid waste landfill that has been named the Solitude Landfill. Any questions regarding the Transload project should be directed to Dave Vaughan, Grand County Road Department."

The following comment was received from the Grand County Council:

"Thank you for the opportunity to provide our comments regarding the proposed access road realignment for agricultural purposes in order to provide access to the Coal Canyon area. As you may know, the applicant will be required by the County to build the new realignment to County standards. Additionally, the County will not vacate the Coal Canyon Road until or unless the new alignment is built to the County's satisfaction. It is anticipated that the County will take over the new realignment as a graveled B road."

"While we are in support of the proposed application, we would like to express our main concern that the development will undoubtedly change the nature of the existing drainage; as such, we will need the plans for the pivots and a description of how the land would be reshaped. With this information, we will be able to see where any culverts will need to be placed."

The project area has been surveyed for cultural resources by BYU-OPA (U-06-BC-0100b) and by the Grand River Institute (U-09-GB-0381).

The project area has been surveyed for paleontological resources by Intermountain Paleo-Consulting (Report No. 09-122).

EASEMENT NO. 1391 (APPROVAL) (CONTINUED)**EVALUATION OF FACTS:**

The comments that were submitted by the Southeastern Utah Association of Governments and the Grand County Council were submitted prior to the easement application being transferred to Grand County. Since Grand County will now be responsible for overseeing the road construction and has approved the alignment of the road, these issues have either been resolved or are no longer applicable.

This access road easement was originally filed by Green River Companies, LLC with the intent of re-routing the existing Grand County maintained access road to the Coal Canyon area (the "Existing Coal Canyon Road"). The Existing Coal Canyon Road runs through an area which Green River Companies plans to develop for agricultural purposes, including the installation of irrigation pivots. As the application progressed, a more immediate need surfaced for the proposed new access road (the "New Coal Canyon Road") to be constructed in order to provide access to Fidelity Exploration & Production's Gunnison Valley 22-9 Well. At that point, it was determined that it would be appropriate for Grand County to take over the easement application and proceed in working with Fidelity Exploration & Production to develop the portion of the New Coal Canyon Road that has nexus to the well site. Initially, the portion of the New Coal Canyon Road needed to access the well will not be developed to the County's Class B road standards, it will only be developed enough to provide suitable access to the well site. However, the original purpose of the application, which was to re-route the Existing Coal Canyon Road for agricultural purposes, will still be realized in the longer term. After initial construction of the portion of the New Coal Canyon Road needed to service the well, Grand County intends to work with Green River Companies to upgrade the New Coal Canyon Road to suitable County Class B road standards, at which point Grand County will relinquish their claim to the Existing Coal Canyon Road.

The Agency's archaeology staff has reviewed the cultural resource documents submitted in support of the proposed easement and has granted cultural resource clearance for the project with a finding of "No Historic Properties Affected".

The Agency's staff paleontologist has reviewed the paleontological survey that was submitted for the proposed project and recommends that no paleontological restrictions be placed upon the development of the project. However, if any significant vertebrate fossils are discovered during the development of the project, a qualified paleontologist should be notified immediately to evaluate the discovery.

Since the access road that is the subject of this easement will become part of Grand County's Class B road system, it is recommended that the easement be granted for a perpetual term.

RECOMMENDATION:

Upon recommendation of Mr. Chris Fausett, the Director approved the applicant's request for a non-exclusive easement. The term of the easement will be perpetual, beginning September 1, 2009. The application fee of \$750.00 and the easement rental assessment of \$350.45 have been submitted. The administrative fee required pursuant to R850-40-1800 has been paid in a one-time payment of \$1,000.00.

This item is submitted by Ms. Jeanine Kleinke for record-keeping purposes.

RIGHT OF ENTRY NO. 5376

The School and Institutional Trust Lands Administration has received a right of entry application from Freeride Entertainment, LTD, c/o Todd Barber, H5 Events, Inc., 359 Madrone Ave., Larkspur, CA 94939, to occupy the following described trust land located within Washington County for temporary use for commercial photography.

Township 42 South, Range 12 West, SLB&M
Sec 2: Within N2

This site has already been cleared for cultural resources as it was used under ROE 5192 for a mountain bike event last year. This permit is for a small portion of the same site. There will be no ground disturbance.

The fee for this right of entry is \$900.00, plus a \$50.00 application fee and a \$50.00 processing fee, totaling \$1,000.00. School Fund. Washington County. Beginning Date: October 5, 2009. Expiration Date: October 9, 2009.

Upon recommendation of Mr. Lou Brown, the Director approved the above-listed Right of Entry for a term of 5 days.

SPECIAL USE LEASE AGREEMENTS

SPECIAL USE LEASE AGREEMENT NO. 1398 (AMENDMENT – ADDITION OF ACREAGE)

The above-numbered SULA is issued to Kerry & Molli Mystrom, P. O. Box 4174, Bullfrog, UT 84533, for the purpose of a residential home site. The lessee has requested that the lease be amended to include an additional 58.75 acres of land described as:

Township 36 South, Range 11 East, SLB&M
Section 2: NE4SE4, S2S2SE4NE4, S2SE4SW4NE4, SE4SW4SW4NE4, E2SW4SW4SW4NE4

Containing 58.75 acres, more or less.

The lessee has requested this additional land to allow for a pasture area to keep a few horses and to cover their existing fence lines which were determined not to be on the existing lease property. With the amendment, the legal description of the lands encompassed by the lease will be:

SPECIAL USE LEASE AGREEMENT NO. 1398 (AMENDMENT – ADDITION OF ACREAGE) (CONTINUED)

Township 36 South, Range 11 East, SLB&M
Section 2: NW4SE4, NE4SE4,
S2S2SE4NE4, S2SE4SW4NE4,
SE4SW4SW4NE4,
E2SW4SW4SW4NE4

Containing 98.75 acres, more or less.

The lease administrator has had this legal description reviewed by the GIS Group.

This proposed amendment was advertised pursuant to rule and no comments or competing applications were received.

It was also sent to the Resource Development Coordinating Committee (“RDCC”) for review. Local government recommended approval. No other comments were received.

An archeological survey was completed on the proposed fence lines by the Agency, which found that there will be no affect on any historic or cultural sites.

The lease fees on the lease will also be amended to reflect this additional acreage. The current lease fee is \$1,070.00 (26.75/acre). The fees for the additional land will be \$1,571.56 (\$26.75 X 58.75 acres), for a total fee of \$2,641.56. The lessee has paid the \$400.00 amendment fee, the advertising fees and the \$392.89 prorated amount for the additional acres for this lease year.

The lease document is current as to form and content.

Although lease amendments are not specifically exempted from the narrative Record of Decision process, it has been determined that this action is not substantive, nor does it warrant the time and expense necessary to complete a full narrative record. Garfield County. School Fund.

Upon recommendation of Mr. Lou Brown, the Director approved the amendment to modify the lease purpose and add the additional acreage to SULA 1398.

TIMBER SALES**TIMBER SALE NO. 825 (BOND REDUCTION)**

Defa’s Sawmill, P.O. Box 335, Tabiona, Utah 84072, has requested a reduction in the payment bond based on the percentage of the sale that has been paid for by the operator. An evaluation of this request indicates that a reduction in the amount of the payment bond from \$50,000.00 to \$30,000.00 is warranted. Wasatch County. School Fund.

Upon recommendation of Mr. Cary Zielinsky, the Director approved the indicated reduction in the payment bond for TA 825.

TA 825 (RETURN OF PAYMENT BOND)

Irrevocable Standby Letter of Credit, No. ZSB901752, in the amount of \$50,000.00, has been returned to the issuer at the request of Defa’s Sawmill, P.O. Box 335, Tabiona, Utah 84072. It has been replaced by a cash bond in the amount of \$30,000.00. Wasatch County. School Fund.
